Rain worsens road conditions in city; locals seek repairs

ARAVIND RAJ @ Coimbatore

INCESSANT rain since Thursday night has worsened the condition of several roads across Coimbatore, leaving motorists struggling to navigate waterlogged streets and mushy stretches. Residents have urged the Coimbatore City Municipal Corporation (CCMC) to take up immediate repairs to prevent accidents.

The downpour has further damaged roads that were already in a poor state, particularly in residential neighbourhoods. Several stretches have developed potholes and become slushy, making them difficult to negotiate, especially for two-wheeler riders.

Roads dug up for underground drainage (UGD) works by the Tamil Nadu Water Supply and Drainage Board (TWAD Board) and pipeline installation under

the 24x7 water supply project by Suez have been among the worst affected. Residents said the surfaces had not been properly restored, leaving loose soil that turns into thick sludge during rainfall.

“The road was already damaged before the rain, but now it has become almost impossible to use. Two-wheelers skid on the slushy surface, while cars struggle to pass through. We are worried that

someone will get seriously injured if the corporation does not act soon,” said D Bharathi, a resident of Kavundampalayam.

Motorists said waterlogging had made it difficult to identify potholes, increasing the risk of accidents, particularly after dark.

“Water collects in the potholes, making it difficult to judge their depth. We have to slow down suddenly or swerve to avoid them, which is dangerous when other vehicles are coming from behind,” said V Gowrishankar, a motorist from Cheran Nagar. Speaking to *TNIE*, a senior CCMC official said that the patchworks are already being laid on broken surfaces across the city and in places where the UGD & 24x7 water supply project works were being carried out, the repair work would commence after the completion of the pipeline installation works.

PERIYAR LIBRARY OPENING

Security arrangements disrupt garbage collection

ARAVIND RAJ @ Coimbatore

THE preparations for Chief Minister C Joseph Vijay’s visit to Coimbatore to inaugurate the Periyar Grand Library on Friday disrupted the business of locals, with residents complaining of uncollected garbage allegedly due to the security arrangements and cleaning work across the city.

On Avinashi Road, traders said installation of barricades and restrictions on public movement, with a ban on parking in front of shops for the Chief Minister’s roadshow, have affected customer foot-fall. Due to restricted access, shopkeepers allege that they were forced to endure a loss of business on what would otherwise have been a regular working day.

“Customers cannot park their vehicles or easily reach our shops because of the barricades. Many avoided this stretch and went elsewhere. We understand the need for security, but small businesses cannot afford to lose a day’s income, that too during a festival season,” said a trader.

Door-to-door garbage collection by the Coimbatore City Municipal Corporation’s (CCMC) sanitary workers was also disrupted, and residents of Peelamedu, Gandhima Nagar, Avinashi Road, Gandhipuram and other areas complained

Garbage dumped along the road at Karunanidhi Nagar in Sowripalayam on Friday | s SENBAGAPANDIYAN

that the work was diverted for the CM’s visit. “Garbage is usually collected from our street, but workers did not turn up. Waste accumulated outside houses, and people had nowhere to keep it and dumped it in the open. Diverting hundreds of sanitary workers since Wednesday just to clean the Periyar Grand Library premises, sweep roads and carry out other sanitation work there amidst the peak rainy season is an absolute waste,” said S Gokul, a resident of Peelamedu.

Residents urged the corporation to restore door-to-door collection and clear the garbage dumped in public spaces, while traders called for security arrangements that would minimise disruption to commercial activity during VIP visits.

Action sought on sewage overflow in Singanallur

EXPRESS NEWS SERVICE @ Coimbatore

FARMERS have urged the Coimbatore City Municipal Corporation (CCMC) to address a sewage overflow problem behind the Singanallur Uzhavar Sandhai that poses health and environmental risks.

According to a petition submitted to the corporation by members of Narayanasamy Naidu Vivasayigal Sangam, narrow pipes installed under a bridge at the entrance of a private departmental store sewer canal are causing the issue.

“During heavy rains, excess water enters the canal along with large amounts of garbage, clogging the pipes. As a result, sewage has no proper outlet and overflows onto the road surface. This has created a high risk of disease spread and is severely damaging the surrounding environment,” said G Kailash, a member of the association.

We had brought the matter to the notice of officials and demanded immediate remedial measures. However, no action has been taken so far,” he said. He said that due to the clogging on the sewage channel, sewage water overflows on the road with large amount of garbage that destructs the operation of the Uzhavar Sandhai also. They have urged the civic body to take corrective steps.

‘Need higher compensation for banana plants damaged in gale’

EXPRESS NEWS SERVICE @ Coimbatore

A preliminary assessment by the Horticulture Department has revealed that nearly 6,000 banana plants were damaged in the Annur area due to strong gale that lashed the locality.

Heavy rains accompanied by high-velocity winds caused extensive destruction of the crop in Annur taluk last week. Popular varieties including Nendran, Kathali and Robusta suffered severe losses. In villages near Annur such as Sakkampalayam and Kadavukkurai, thousands of banana trees were uprooted or snapped, leaving the plantations completely damaged.

Affected farmers have demanded that the government raise the

compensation amount for banana crops. Speaking about their plight, farmers said groundwater levels in Annur have plummeted to alarming depths, forcing them to spend heavily on irrigation for banana farming. Despite these investments, the recent gale inflicted heavy damage on their crops.

Farmers pointed out that the insurance premium for banana cultivation is high, which discourages many from taking coverage. As a result, they are now facing significant economic losses.

A bunch of Nendran bananas currently sells for around ₹900 in the market, and growers have urged the authorities to provide adequate compensation matching the actual loss.
