Who are the 30 lakh removed from electoral rolls, asks Cong

New Delhi: Raising questions about SIR in Bihar, Congress has asked who the 30 lakh people who didn't make it to the electoral rolls are and how many of them voted in the 2024 Lok Sabha elections.

Congress said that as CEC had allowed applications for inclusion up to ten days before the last date of nomination, the final electoral roll must be frozen on that date, and elections be held on the basis of that list.

The AICC expert group on elections and voters' list, EAGLE, said the identity of the 30 lakh people removed was important as there were 7.7 crore registered voters in the parliamentary polls, but after SIR the number had come down to 7.42 crore.

EAGLE, which comprises Ajay Maken, Digvijaya Singh, Abhishek Singhvi, Praveen Chakravarty, Pawan Khera, Gurdeep Sappal and Nitin Raut, said EC had claimed that 21.5 lakh voters were added in Bihar but Form 6 was available for only 16.9 lakh. TNN

Country paid price with loss of lives repeatedly, says PM

▶ Continued from P 1

Modi said, "(As a result), the country had to pay the price for it with loss of lives again and again." He made the remarks while addressing a gathering after inaugurating Phase One of the Navi Mumbai International Airport and the final stretch of Mumbai's underground Metro 3 line.

Modi said, "For our govt, nothing is more important than the security of the nation and its citizens. Today's India strikes back with strength. Aaj ka Bharat ghar mein ghus ke maarta hain (India strikes deep inside the enemy's own territory). The world has seen this during Operation Sindoor."

Chidambaram, who had taken over as home minister just days after the 26/11 attacks, told a channel recently that after the Mumbai terror attacks, "the whole world descended on Delhi to tell us 'don't start a war.'" He said then US secretary of state Condoleeza Rice had met him and then PM Manmohan Singh to say India should not react. Chidambaram has since said he has been misquoted. Congress neta Manish Tewari however was quoted as saying that Chidambaram's remarks "cannot be disregarded."

Describing the Navi Mumbai International Airport (NMIA) as a "glimpse of Viksit Bharat" that will help make Mumbai region Asia's biggest connectivity hub, Modi said, "The long wait of Mumbai is over as the city has now got its second airport which will link Maharashtra's farmers and small industries to global markets."

'Can't be held prosecution discharged burden of proof'

▶ Continued from P 1

The bench of Justices J B Pardiwala and R Mahadevan said "The various contradictions in the form of material omissions go to the root of the matter, and in such circumstances, it cannot be held that the prosecution has discharged its burden of proof". The incident, a clash between two groups over a land dispute, took place in Katihar district in 1988, and the accused were convicted and sentenced by the trial court in 1990. Two convicts died during the pendency of the case.

The court said mere presence at the scene of crime does not ipso facto render a person a member of an unlawful assembly, unless it is established that the person shared its common object. "A mere bystander, to whom no specific role is attributed, would not fall within the ambit of section 149 of the IPC," it said.

"This court, as a matter of caution, has enunciated parameters to safeguard innocent spectators or passive onlookers from being convicted merely on account of their presence. This cautionary rule, however, does not dilute the doctrine of constructive liability, under which proof of an overt act by each individual is not indispensable. Where the presence of a large number of persons is established and many are implicated, prudence mandates strict adherence to this rule of caution," the bench said.

'Evidence of CCTV footage a fictional creation'

▶ Continued from P 1

A bench of Justices Vikram Nath, Sanjay Karol and Sandeep Mehta noted that the primary evidence of the so-called CCTV footage, in which the accused was allegedly captured, was not available on record and seems to be a fictional creation by the investigating officers to somehow trap the appellant.

"It seems that the investigation officers were intentionally trying to screen the truth from being brought on record and washed their hands of the matter, by making the appellant, a scapegoat," the judgment said.

Though, the bench said, the offence was horrible as a seven-year-old girl was raped and smothered, it said there was no credible evidence against the accused and the court was left with no option but to let him off.

"We cannot ignore or bypass the fundamental principle of criminal jurisprudence that the prosecution is duty-bound to prove the guilt of the accused beyond reasonable doubt. The onus is heavier in a case based purely on circumstantial evidence. However, regrettably, the prosecution has miserably failed to do so in the instant case..." the bench said.

Chances of war with India real: Pak def minister

Islamabad: Pakistan's defence minister Khawaja Asif has warned that "chances of war with India are real" and claimed his country would achieve bigger success.

Asif made the remarks in an interview with Samaa TV Tuesday. The minister said Pakistan was watching the situation. "I do not want escalation, but the risks are real, and I am not denying that. If it comes to war, God willing, we will achieve a better result than before," he said.

Asif said that Pakistan had more supporters and allies than six months ago, while claiming India had even lost the support of the countries that were on its side before the May conflict.

Asif also claimed India was never a united nation, except briefly under Mughal emperor Aurangzeb, and that Pakistan was created in the name of Allah and stood united in the May confrontation. "At home, we argue and compete. In a fight with India, we come together," he said. PTI
