राजस्व महाभियान को सफल बनाने वाले पुरस्कृत होंगे

पटना | राज्य में 16 अगस्त से 20 सितंबर तक चलने वाले राजस्व महाभियान को सफल बनाने वालों के लिए अंचल, जिला व राज्यस्तर पर सम्मान समारोह होगा। उनको पुरस्कार दिए जाएंगे। अभियान की पहुंच घर-घर तक करने तथा इसकी सफलता के लिए यह योजना बनाई गई है। जनप्रतिनिधियों को सहभागिता प्रमाणपत्र भी दिया जाएगा। अपर मुख्य सचिव दीपक कुमार सिंह ने बताया कि अंचल और जिलास्तर पर बेहतरीन काम करने वाली 3-3 पंचायतों का चयन कर पुरस्कृत किया जाएगा। राज्यस्तर पर बेहतर कार्य करने वाले 3 जिलों को भी पुरस्कार दिए जाएंगे।

विपक्षी नेताओं की आवाज को दबाने की साजिश हो रही : सूरज सिन्हा

पटना | कांग्रेस प्रवक्ता सूरज सिन्हा ने कहा कि शांतिपूर्ण तरीके से चुनाव आयोग के अधिकारियों से मिलने जा रहे इंडिया गठबंधन के सांसदों को हिरासत में लेना दुर्भाग्यपूर्ण है। नेताओं की आवाज को दबाने की साजिश हो रही है। इससे साबित होता है कि राहुल गांधी ने वोट चोरी के खिलाफ सकारात्मक आवाज उठाई है। उनसे केंद्र सरकार डर गई है।

Nuclear threat is Pak.'s 'stock-in-trade': India

Munir's remarks in the U.S. reinforces well-held doubts about the integrity of nuclear command and control in Pakistan, where the military is 'hand-in-glove' with terror groups, says Ministry

Press Trust of India
NEW DELHI

Nuclear sabre-rattling is Pakistan's "stock-in-trade", New Delhi said on Monday, in a strong response to Pakistan Army chief Field Marshal Asim Munir's nuclear threat directed at India from U.S. soil.

India said Field Marshal Munir's remarks reinforced the well-held doubts about the integrity of nuclear command and control in Pakistan where the military was "hand-in-glove" with terrorist groups.

In a statement, the External Affairs Ministry said India had already made it clear that it would not give in to nuclear blackmail and that it would continue to take all steps necessary to safeguard national security. It is also regrettable that these remarks have been made from the soil of a friendly third country, the Ministry said in an apparent message to the U.S.

'Existential threat'

In an address to Pakistani diaspora in Florida's Tampa, the Army chief reportedly made the nuclear threat in case his country faced an existential threat in a future war with India.

The Pakistani Army chief also warned that Islamabad would destroy Indian infrastructure, if they hit water flow to Pakistan.

"We are a nuclear nation. If we think we are going down, we'll take half the world down with us," media reports quoted him as saying.

The Pakistan Army chief's comments are part of a pattern in Pakistan as whenever the U.S. supports the Pakistan military, they always show their true colours of aggression, government sources said.

The Congress too condemned the Pakistan Army chief's remarks. Congress general secretary (communications) Jairam Ramesh said, "On 10th August, 2025, in a talk to U.S. diaspora Pakistanis, Field Marshal Asim Munir makes the most dangerous, provocative, and totally unacceptable remarks on nuclear conflict between India and Pakistan." "It is bizarre that the U.S. establishment is giving such a man such special treatment," he said.

Air strike by Israel's military kills Al Jazeera correspondent in Gaza

Associated Press
JERUSALEM

Israel's military targeted and killed an Al Jazeera correspondent and others with an air strike late on Sunday in Gaza, after press advocates said an Israeli "smear campaign" stepped up when Anas al-Sharif cried on air over starvation in the territory.

Both Israel and hospital officials in Gaza City confirmed the deaths of al-Sharif and colleagues, which the Committee to Protect Journalists and others described as retribution against those documenting the war in Gaza.

Allegation dismissed

Israel's military asserted that al-Sharif had led a Hamas cell – an allegation that Al Jazeera and al-Sharif had dismissed as baseless. It was the first time during the 22-month war that Israel's military swiftly claimed responsibility after a journalist was killed in a strike. Officials at Shifa Hospital said those killed while sheltering outside Gaza City's largest hospital complex also included Al Jazeera correspondent Mohamed Qreiqeh.

More victims

The strike also killed four other journalists and two other people, hospital administrative director Rami Mohanna said.

Opposition protests against SIR, calls it 'vote theft' by govt.

Sobhana K. Nair
NEW DELHI

The Opposition parties marched to the Election Commission's headquarters in New Delhi on Monday demanding rollback of the special intensive revision (SIR) of electoral rolls in Bihar, which they said was an exercise in "vote-*chori*" (vote theft) by the government and would lead to disenfranchisement.

The Delhi Police halted the protest a few metres from the Parliament's gates. The police detained the Opposition leaders - some of whom tried to break barricades during an hour-long protest - and took them to the Parliament Street Police Station. They were released later.

"This fight is not political, but it is aimed at saving the Constitution. This fight is for 'one man, one vote' and we want a clean, pure voter list," Rahul Gandhi, the Leader of Opposition in the Lok Sabha, said. "They cannot talk as the truth is before the entire nation," he said.

Congress president Mallikarjun Kharge, who was also picked up by the police, said, "I don't understand what the government fears? This is a peaceful demonstration of elected members of Parliament... the EC could have met all of us together in a hall."

SC orders capture of stray dogs in Delhi, says never let them back on the street

Krishnadas Rajagopal
NEW DELHI

The Supreme Court on Monday directed the Delhi government and local bodies to immediately capture stray dogs, detain them in pounds created across the National Capital Territory (NCT), and never release them back into public spaces.

A Bench of Justices J.B. Pardiwala and R. Mahadevan said anyone who resist picking up or rounding up of stray canines would face contempt action from the Supreme Court.

The top court said authorities should "at the earliest, start picking up strays from all localities, more particularly the vulnerable ones in the city and outskirts. How to do it is for the authorities to decide. If they have to create a force, do it at the earliest. The foremost and first exercise is to free localities from stray dogs. There is no compromise".

On the clamour to protect stray dogs, the court asks if activists can return children lost to rabid canines to parents. SUSHIL KUMAR VERMA

The court was hearing a *suo motu* case on the increasing instances of stray dog attacks on children, including infants. Addressing the clamour to protect stray dogs, the court asked whether animal rights activists would be able to return children lost to rabid canines to their parents.

Solicitor-General Tushar Mehta, appearing for the government, supported the court's decision.

Facing backlash, Punjab govt. withdraws land pooling policy; farmers, Oppn. welcome move

Vikas Vasudeva
CHANDIGARH

The Aam Aadmi Party (AAP) government on Monday announced the withdrawal of the Punjab Land Pooling Policy, 2025 after it drew sharp flak from farmers and Opposition parties.

"The government hereby withdraws the land pooling policy dated 14.05.2025 and its subsequent amendments. All actions, like LOIs (letter of intent) issued, registrations done or any other action taken thereunder, shall be reversed henceforth," read a statement by the Principal Secretary of the Department of Housing and Urban Development.

Farmers under the banner of the Kisan Mazdoor Morcha taking part in a motorcycle rally against the policy, in Amritsar on Monday. ANI

Welcoming the move, Jagmohan Singh, a farmer leader of the Samyukt Kisan Morcha, said: "It seems good sense has prevailed."

The Punjab and Haryana High Court had on August 7 stayed the policy and given the AAP government four weeks' time to file its reply. The court observed that the policy *prima facie* appeared to have been notified in "haste".

Under the policy, over 65,000 acres were to be acquired and the State government termed it "farmer-friendly". However, the Opposition described it as a "land-grabbing scheme".

Shiromani Akali Dal chief Sukhbir Singh Badal congratulated "all Punjabis for fighting unitedly" against the policy. Congress MLA Pargat Singh said the move was a "victory for farmers and labourers". AAP was forced to withdraw its "anti-farmer scheme" after strong resistance, said BJP spokesperson Pritpal Singh Baliawal.

UN, media groups condemn Israel's fatal strike on Al Jazeera's news team

Anas al-Sharif was one of Al Jazeera's most recognisable faces working on the ground in Gaza, providing daily reports on the now 22-month-old war; the network called the attack 'a desperate attempt to silence voices exposing Israel's occupation'

Agence France-Presse
GAZA CITY

Condemnations poured in from the UN and media rights groups on Monday after an Israeli strike killed an *Al Jazeera* news team in Gaza, as Palestinians mourned the journalists and Israel accused one of them of being a Hamas militant. Dozens of Gazans stood amid bombed-out buildings in the courtyard of Al-Shifa Hospital in Gaza City to pay their respects to Anas al-Sharif, a prominent *Al Jazeera* correspondent aged 28, and four of his colleagues killed on Sunday.

Hospital director Mohammed Abu Salmiya said a sixth journalist, freelance reporter Mohammed Al-Khaldi, was killed in the strike that targeted the *Al Jazeera* team. Israel confirmed it had targeted Sharif, whom it labelled a "terrorist" affiliated with Hamas, alleging he "posed as a journalist".

Al Jazeera said four other employees – correspondent Mohammed Qreiqeh, and cameramen Ibrahim Zaher, Mohammed Noufal and Moamen Aliwa – were killed when the strike hit a tent set up for journalists outside the main gate of Al-Shifa.

According to local journalists who knew him, Sharif had worked at the start of his career with a Hamas communication office, where his role was to publicise events organised by the group that has ruled the Gaza Strip since 2006.

Sharif was one of the *Al Jazeera*'s most recognisable faces working on the ground in Gaza, providing daily reports on the now 22-month-old war.

Media freedom groups have condemned the Israeli strike on journalists, which the UN human rights agency called a "grave breach of international humanitarian law".

A posthumous message, written by Sharif in April in case of his death, was published online saying he had been silenced and urging people "not to forget Gaza". *Al Jazeera* called the attack "a desperate attempt to silence voices exposing the Israeli occupation", as it described Sharif as "one of Gaza's bravest journalists".

Reporters Without Borders says nearly 200 journalists have been killed in the war.

Australia 'will recognise' Palestinian state at UNGA

Agence France-Presse
CANBERRA

Australia will recognise a Palestinian state at the UN General Assembly in September, Prime Minister Anthony Albanese said on Monday.

"A two-state solution is humanity's best hope to break the cycle of violence in the Middle East [West Asia] and to bring an end to the conflict, suffering and starvation in Gaza," he told reporters in Canberra.

"Australia will recognise the right of the Palestinian people to a state of their own. We will work with the international community to make this right a reality."

He said that Australia's decision was predicated on reassurances from the Palestinian Authority that there would be "no role for the terrorists of Hamas in any future Palestinian state".

'Shameful'

Israel's Ambassador to Australia, Amir Maimon, said the decision was symbolic, rather than "genuine progress towards peace".

"Let us be clear: this decision will not change the reality on the ground," Mr. Maimon said.

Just hours earlier, Israeli Prime Minister Benjamin Netanyahu criticised international calls to recognise Palestinian statehood, saying it would "not bring peace, it will bring war". "To have European countries and Australia march into that rabbit hole, just like that, fall right into it and buy this canard is disappointing," he said.

'National Guard to be deployed to tackle crime in Washington'

Agence France-Presse
WASHINGTON

U.S. President Donald Trump said on Monday he will deploy military and federal law enforcement in Washington as he seeks to curb violent crime in the nation's capital.

The Republican leader told a White House news conference he plans to place the DC Metropolitan Police under the direct control of the federal government while sending in the National Guard.

The overwhelmingly Democratic city faces allegations from Republican politicians that it is overrun by crime, plagued by homelessness and financially mismanaged – although violent offenses are down.

Donald Trump

"This is Liberation Day in DC, and we are going to take our capital back," Mr. Trump said.

Mr. Trump has complained that local police and prosecutors are not tough enough.

He has repeatedly threatened a federal takeover of the city of 7,00,000, saying crime in Washington was "totally out of control."

Myanmar ethnic group vows to block polls in its enclave

Agence France-Presse
YANGON

The Arakan Army said it would block the elections in 14 out of Rakhine State's 17 townships

One of Myanmar's most powerful ethnic groups pledged on Monday to block elections in areas it controls, rejecting polls the military junta has touted as a way of ending the nation's civil war.

The Arakan Army (AA) has emerged as a key challenger to Myanmar's ruling generals since a 2021 military coup sparked war and today controls nearly all of western Rakhine State.

Late last month, the junta ended the nationwide state of emergency declared during the coup and said it would hold a general election in December.

Opposition groups including democratic lawmakers ousted in the coup are boycotting the vote, while a UN expert has branded it a "fraud" designed to legitimise the junta's continuing rule.

Khaing Thu Kha, a spokesman for the AA, said the election would be blocked from areas of Rakhine controlled by the group – 14 out of the State's 17 townships.

"An election without public support will not benefit the people and will only create more confusion for the people," said Khaing Thu Kha at a livestreamed news conference.

Philippines will be pulled into any war over Taiwan, despite China's protest, says Marcos

Associated Press
MANILA

Philippine President Ferdinand Marcos Jr. said on Monday his country would inevitably be drawn "kicking and screaming" into any war over Taiwan due to its proximity to the self-ruled island and the presence of large numbers of Filipino workers there, despite China's strong protest over such remarks.

Mr. Marcos also told a news conference that the Philippines' coast guard and Navy defending its territorial interests in the South China Sea would stand their ground in the contested waters after the Chinese coast guard on Monday staged dangerous blocking maneuvers and used a powerful water cannon to try to drive away Philippine vessels from the hotly disputed Scarborough Shoal.

Separately, Philippine Coast Guard Commodore Jay Tarriela said Chinese coast guard ships chased and staged dangerous blocking maneuvers on Monday against Philippine coast guard and fishing vessels in the Scarborough Shoal, a rich fishing atoll in the South China Sea off the northwestern Philippines. A Philippine coast guard ship managed to evade being hit by a Chinese coast guard water cannon during the melee, he said. While chasing a Philippine coast guard vessel, a Chinese coast guard ship collided with a Chinese navy ship, Mr. Tarriela said. The Chinese coast guard ship sustained "substantial damage" and the Philippine coast guard offered to provide help, he said

INDIA bloc considers motion to remove CEC

Leaders say Gyanesh Kumar behaved like 'BJP spokesperson' by accusing Opposition of 'spreading misinformation' during a press conference; there is consensus in bloc on the idea, says Venugopal

Sobhana K. Nair
NEW DELHI

The INDIA bloc is considering moving a motion against Chief Election Commission (CEC) Gyanesh Kumar, seeking his removal. The idea was mooted at the meeting of the Opposition's Parliamentary floor leaders on Monday.

According to sources, the Opposition discussed if it should continue with protests against the Election Commission, especially after the Supreme Court, in an interim order, directed the poll body to publish the details of 65 lakh voters excluded from the draft electoral roll published on August 1 following the Special Intensive Revision (SIR) in poll-bound Bihar.

The leaders concurred that after the CEC's Sunday press conference, in which he accused the Opposition of "spreading misinformation", the protests had to continue. Congress leaders suggested that the Opposition should step up the pressure by moving a motion against Mr. Kumar for making 'politically charged accusations'.

Congress general secretary (organisation) K.C. Venugopal told *The Hindu* that there was a consensus in the INDIA bloc on the issue and that the Opposition has enough numbers to move the motion.

"He (Mr. Kumar) spoke not like the Chief Election Commissioner but like a BJP politician. In the entire press conference, he did not answer the questions raised by Leader of Opposition in Lok Sabha Rahul Gandhi and the other parties. Instead, he ridiculed the Opposition for raising the questions," he said. "Is it the duty of the CEC to indulge in politics?"

Mr. Venugopal flagged the Chief Election Commissioner and Other Election Commissioners (Appointment, Conditions of Service and Term of Office) Act, 2023, which provides immunity to the CEC and Election Commissioners for all decisions taken by them in present and the past.

The meeting of INDIA bloc leaders on Monday at Congress president Mallikarjun Kharge's official residence to decide the Opposition's candidate for the Vice-President's post remained inconclusive.

"A meeting of leaders of all Opposition parties in Parliament will be held at 12:30 PM tomorrow Tuesday Aug. 19th at 10, Rajaji Marg," Congress communications chief Jairam Ramesh said in a post on X.

The Opposition bloc is likely to announce its choice on Tuesday.

Choosing to fight

According to sources, the Congress president was committed to fielding a candidate and not conceding without a contest.

Sources said the Opposition wants to field a non-political face who has national standing and stature for the second-highest constitutional position in the country.

The Vice-Presidential election is scheduled for September 9. The last date for filing nominations is August 21.

Though no name was finalised, several possible candidates were considered.

According to sources, on DMK's suggestion, Indian scientist Mylswamy Annadurai, who had shot to limelight steering the ISRO's Chandrayaan Mission, was also discussed.

Another name that is said to have been discussed is Tushar Gandhi, the great-grandson of Mahatma Gandhi, sources claimed.

Rajnath gets YSRCP to back NDA parties' V-P candidate

The Hindu Bureau
NEW DELHI

Defence Minister Rajnath Singh on Monday gathered support for the National Democratic Alliance's Vice-Presidential candidate, Maharashtra Governor C.P. Radhakrishnan, reaching out to non-NDA parties such as the Dravida Munnetra Kazhagam (DMK), YSR Congress Party (YSRCP) and the Biju Janata Dal (BJD). Minister for Parliamentary Affairs Kiren Rijiju has been appointed Mr. Radhakrishnan's polling agent.

Mr. Singh managed to secure the support of the YSRCP after he spoke to party leader Y.S. Jagan Mohan Reddy. YSRCP Lok Sabha member Maddila Gurumoorthy confirmed that his party, with 11 MPs – four in the Lok Sabha and seven in the Rajya Sabha – will vote for Mr. Radhakrishnan. The DMK is part of the Indian National Developmental Inclusive Alliance (INDIA), which held a meeting on Monday evening, to pick its own Vice-Presidential candidate. Thus, there was not much optimism in the NDA that the DMK would support Mr. Radhakrishnan, who is from Tamil Nadu.

Zelenskyy says he is ready to work for peace

Reuters
WASHINGTON/KYIV

Ukrainian President Volodymyr Zelenskyy, who arrived in Washington on Monday, said he was ready to work to end the war with Russia, before he met U.S. President Donald Trump in Washington.

"Russia can only be forced into peace through strength, and President Trump has that strength," Mr. Zelenskyy wrote on social media after meeting with the U.S. special envoy for Ukraine, Keith Kellogg.

Mr. Trump is now pressing for a quick end to Europe's deadliest war in 80 years, and Kyiv and its allies worry he could seek to force an agreement on Russia's terms after the President rolled out the red carpet for Russian President Vladimir Putin in Alaska on Friday.

Russian attacks overnight on Ukrainian cities killed at least 10 people, in what Zelenskyy called a "cynical" effort to undermine talks. European leaders are flying to Washington to show solidarity with Ukraine and to press for strong security guarantees in any post-war settlement.

After meeting Zelenskyy, Mr. Trump will meet the leaders of Britain, Germany, France, Italy, Finland, the EU and NATO in the White House's East Room, the White House said.

'I know what I'm doing'

"I know exactly what I'm doing, and I don't need the advice of people who have been working on all of these conflicts for years, and were never able to do a thing to stop them," Mr. Trump wrote on social media.

At the weekend, Mr. Trump rejected accusations by critics that the Alaska summit had been a win for Mr. Putin. Mr. Trump's team stressed on Sunday that there had to be compromises on both sides of the conflict.

However, the President himself put the burden on Mr. Zelenskyy to end the war, saying Ukraine should give up hopes of getting back Crimea, annexed by Russia in 2014, or of joining the NATO military alliance.

Mr. Zelenskyy "can end the war with Russia almost immediately, if he wants to, or he can continue to fight," Mr. Trump said on social media.

Mr. Zelenskyy has already all but rejected the outline of Mr. Putin's proposals from the Alaska meeting. Those include handing over the remaining quarter of its eastern Donetsk region, which is largely controlled by Russia.

De-escalation process at LAC must go forward, Jaishankar tells Wang

Suhasini Haidar
NEW DELHI

The process of withdrawing troops from the Line of Actual Control needs to "move forward", External Affairs Minister S. Jaishankar told Chinese Foreign Minister Wang Yi, as the two sides began discussions to improve bilateral and trade relations in Delhi on Monday.

They also prepared for Prime Minister Narendra Modi's visit to China for the Shanghai Cooperation Organisation (SCO) summit at the end of the month. On Tuesday, Mr. Wang will meet National Security Advisor Ajit Doval for the 24th round of Special Representative talks that focuses on the resolution of the boundary dispute between India and China.

In a special gesture, Mr. Modi is also expected to meet Mr. Wang on Tuesday evening, ahead of his meetings with Chinese President Xi Jinping, at the SCO summit in Tianjin. "Having seen a difficult period in our relationship... our two nations now seek to move ahead," Mr. Jaishankar said in his opening remarks as the two sides met at the official venue, Hyderabad House. "The basis for any positive momentum in our ties is the ability to jointly maintain peace and tranquillity in border areas."

"It is also essential that the de-escalation process move forward," he added, drawing attention to the fact that demobilisation at the LAC and dismantling of infrastructure, to return to the status quo before April 2020, have not been completed 10 months after the leaders met, although other parts of the relationship have been restored.

Mr. Modi and the Chinese President last met in October 2024 in Kazan and agreed to normalise ties after a four-year military stand-off at the LAC. Mr. Wang's visit is the first such ministerial visit since the Kazan meeting, and part of a number of exchanges to restore ties between the two countries.

Chasing corals: hope blooms in Gulf of Mannar

At a time when climate change is fast changing natural environments, the news of revival of coral reefs off the coast of Tamil Nadu comes as a shot in the arm. Here, Aravind Kumar B. takes a peek into the cool waters of the Gulf of Mannar to record this achievement

Coral reefs are the crowning jewels of marine ecosystems. They are not found everywhere; making them rare, limited edition species. Tamil Nadu has its own enchanting coral necklace along the 21 islands dotting the Gulf of Mannar Marine Biosphere. Most of them thrive naturally, many are dead or decaying, and a small portion is reviving, thanks to human care.

If planting and restoration of forests itself is a Herculean task, imagine how daunting the revival of coral reefs on the seabed can be. While underwater research is in its primitive stage in India, a dedicated team of scientists from Suganthi Devadason Marine Research Institute (SDMRI), Thoothukudi, has been conducting annual surveys over the last two decades, along with Tamil Nadu's Forest Department.

A recent study has highlighted the lessons learnt, successes, challenges, and prospects of long-term coral restoration to mitigate the anthropogenic and climatic impact on the Gulf of Mannar. The study was published in the *Journal of Environmental Management* by J.K. Patterson Edward, G. Mathews, K. Diraviya Raj, Jamila Patterson, Dan Wilhelmsson, and Jagdish Sudhakar Bakan.

Owing to coral mining since the 1960s, the natural substratum had become unstable in the Gulf of Mannar. As the area is not rocky and reefs had developed around low-lying islands, it was decided to use artificial substrates. Initially, stones, clay pots, ropes, cement slabs, fish houses, and concrete frames were tested for coral restoration. Strong currents and waves caused dislocation and fragmentation of artificial substrates, leading to a reduced survival rate. Then, the scientists started using concrete frames. The frames are taken to the restoration sites on a raft made of bamboo poles or on a small barge. The substrates are placed on the seabed with the help of ropes tied to the frames and arranged underwater by divers.

Apart from artificial substrates, different types of artificial reef modules have been deployed in the Gulf of Mannar. Triangular artificial reef (TAR) modules were deployed near Vaan Island in 2002 for enhancing fishery potential and biodiversity. They were regularly monitored for coral recruitment. Perforated trapezoidal artificial reef (PTAR) modules were also deployed around Vaan Island for protecting it from soil erosion, enhancing fishery potential, and assisting in coral recovery. A total of 10,600 modules were deployed between 2015 and 2019.

All the transplantation efforts were done by the trained scientific divers of the SDMRI Reef Research Team. To maintain the genetic diversity, 20 coral species were used. The survival and growth of the transplanted fragments was assessed monthly in different locations.

In the past two decades, the SDMRI scientists have transplanted a total of 51,183 coral fragments in the 5,550 artificial substrates and restored an approximate area of 40,000 square metres of degraded reefs in the Gulf of Mannar. "The formation of a basal disc by the transplanted fragments on the substrate that took place within one or two months was encouraging. It is the critical phase when the fragment establishes attachment with the substrate, indicating early success of the restoration effort," says Mr. Patterson Edward, SDMRI Director.

Survival rates

Survival of the transplants is primarily based on the attachment, and it has been successful for all the monitored substrates, about 90% of them in the Marine National Park. The survival of the transplanted fragments during the study period between 2002 and 2024 ranged from 55.6% to 79.5%.

The density of coral recruits was higher in TARs and PTARs than in concrete frames. The density of coral recruits in TARs was 1.23 in 2004. It increased to 24.77 in 2020. A total of 14 coral genera were found inhabiting TARs in 2020.

As for PTARs in Vaan Island that were deployed in 2015, the average density was 31.49 in 2016. It increased to 76.01 in 2020. In both cases, the density was found to increase over the years. A total of 16 coral genera were found to inhabit the surface of PTARs and eight in concrete frames.

In Vaan Island, live coral cover was 2.7% in 2006 in the restored site and it was 0% in the unrestored degraded site. Coral cover at the restored site reached 18.8% in 2020. An increase was also observed in the unrestored site, but only 1.8% in 2020.

The impact of coral bleaching in 2010 and 2016 was evident at the restored and unrestored sites as indicated by the decrease in live coral cover after the bleaching. However, the loss of corals at the restored sites was less than that at the unrestored sites. Coral colony density was also found to increase over time in the restored and unrestored sites of Vaan and Koswari Islands, but the magnitude of increase was much higher in the restored sites.

Fish density in the restored site of Vaan Island increased considerably from 14.5 in 2006 (250 metres) to 310.0 in 2020 and a similar trend was observed in Koswari Island. A total of 63 species in Vaan Island and 51 in Koswari Island were recorded at the restored and unrestored sites. Coral restoration activities during the past two decades have also benefited the community dependent on the biosphere.

The low-cost and low-tech coral restoration activities in the Gulf of Mannar may be looked upon as a climate mitigation effort, the study suggested.

Supriya Sahu, Additional Chief Secretary, Department of Environment, Climate Change, and Forests, says the reef restoration efforts have become integral to coral conservation strategy. Now, the State government has launched a comprehensive restoration initiative under the T.N. Sustainably Harnessing Ocean Resources programme to protect and restore the Kariyachalli Island.
