23. Staff Accountability: NA

24. Brief History: (Please avoid repetition of facts already mentioned above)

Brief history should also include the following points:

(When limits were sanctioned/enhanced/reviewed/renewed- 04/01/2023

Upto which time Account remained regular- Nil

How it became irregular and since when- Natural Calamity Loss

Specific reasons of the Account becoming irregular and then NPA- Natural Calamity

Steps taken to safeguard/recovery/upgradation and its outcome)- Several visits & notice were sent to borrower.

Smt. Seema Vasant Patil is customer of Jalgaon branch (022200). She had approached us for credit facilities. Accordingly branch had sent all required documents to PLP for sanctioning. PLP Nashik had sanctioned Term Loan – Fish Farming (Cage Culture) of Rs. 4800000.00 as on 04/01/2023. The accounts ran regular initially. However later on due to financial constraints faced by borrower it turned NPA as on 28/09/2025. Borrower said that it's mainly due to Natural Calamity. Since then we had followed with her from time to time but she did not respond positively. We had issued recall notice to the borrower as on 29/09/2025 and 13(2) notice as on 16-10-2025.

25.Proposed Resolution Strategy – Opinion of the Branch Head :
(This column has been drafted to receive the free opinion of the Branch Head regarding the resolution/ recovery in this NPA Account. It is to be noted that no explanation of any kind will be called by the authorities against the opinion for resolution in this account. However it is to be noted that the opinion is not binding on the Higher Authorities, and the recovery measures are to be initiated as and when due. This column would help the SASTRA Centre head to form strategy for recovery/ resolution of the NPA Account.)

Possibility of resolution of NPA account through :-
a- Up gradation through cash recovery – No chance
b- Adjustment through cash recovery – No chance
c- Recovery through OTS – No chance

Branch Head may also suggest that out of the above recovery measures which recovery measures could be the most effective recovery measure.

We may proceed for suit filing and at the same time keep negotiating with borrower.

It should also include :
(i) Amount of irregularity(CADU amount)
(ii) Strategy for resolution

26. Expected time for resolution:

Officer/Manager **Branch Head**

Punjab National Bank जलगाव Jalgaon 0222
