DATE: 24-October-2026

Ref. No. BOB/Barbr/Lb/A1683/2026/P1

TO,

THE CHIEF MANAGER,

BANK OF BARODA,

SHASTRI ROAD BRANCH,

SURAT.

Pursuant to the request from Bank of Baroda, Shastri Road Branch, Surat, property bearing Moje: Kareli, R. S. No. 55, Block No. 82, As Per K. J. P. Block No. 82/390, Plot No. 390, "Aarya Residency", Near Mahavir Nagar Residency And Nandini Residency, Kareli, Taluka: Palsana, District Surat was inspected on 23-October-2026 with a view to estimate the present market value of the above said property. The subject property is a residential house. This property belongs to: 1) Sanjaykumar Paswan, 2) Jashoda Devi.

Based upon the information and particulars provided by the owner and actual observation a detailed valuation is prepared and furnished herewith.

It is a residential property. It falls within the limit of Kareli Village Panchayat. All the basic amenities such as bank, markets, post office, schools, commercial complexes, public transport system etc. are available within the radius of 2 to 3 km. The property is abutting on internal society road. Surat railway station is approximately 26 km away from the property under valuation. The said area is very well connected by local transport.

Date: 24-October-2026

Place: Surat.

VALUATION PART – II

BASIS OF VALUATION

The market value definition, as per International Valuation Standards, which has been adopted in this valuation exercise, is as follows:

ARCHIT A. BAKARI
CAT-I: SRT/ 21/2022-23
CAT-VII: SRT/ 32/2023-24
REGISTERED VALUER

ARCHIT A. BAKARI
B.Tech Mechanical
Master of Valuation (Plant & Machinery)
M.Sc. (Real Estate Valuation)

"The market value is estimated amount for which an asset should exchange on the date of valuation between a willing buyer and willing seller in an arm's length transaction after proper marketing where in the parties had each acted knowledgably, prudently and without compulsion."

The valuation is done by land & building method where in the valuation of land is added to depreciated replacement cost of the building to arrive at total market value of the property.

VALUATION OF LAND:

Subject property is a residential house on Plot No. 390 in "Aarya Residency", Near Mahavir Nagar Residency And Nandini Residency, Kareli, Taluka: Palsana, District Surat. There are few vacant plots available in this area. Our market inquiry among the real estate brokers dealing in properties has revealed that similar sized plots in the vicinity of subjected property are available in a range from ₹. 10,000/- per sq.yd. to ₹. 11,000/- per sq.yd. (Plotted area rate after deduction of road & C.O.P.), depending upon size, location, access to the main road, frontage. Property under valuation is abutting on internal society road. Therefore, we have adopted close market rate of residential plot at ₹. 10,000/- per sq.yd. (Plotted area rate after deduction of road & C.O.P.) which is fair and justified. The rate of open residential land in this area for stamp duty valuation w.e.f. 15-April-2023 is ₹. 1,500/- per sq.mt.

MARKET VALUE OF LAND = Area (sq.yd.) X Rate (per sq.yd.)
= 127.00 sq.yd. X ₹. 10,000/- per sq.yd.
= ₹. 12,70,000/----------(A)

VALUATION OF BUILDINGS AND CIVIL WORKS:

The methodology adopted is Depreciated Replacement Cost method in which due weightages have been given to factors like:

- Utility and design of building structures.
- Actual physical condition, state of repairs and maintenance.
- Type of general and special specifications of construction.
- Age, remaining useful economic life of structures.
- Demand for such structures.
- Cost of building materials and related construction technology and its impact on cost construction.
- Present day replacement cost of equity-utility building structures.
- Depreciation for physical wear and tear.
- Obsolescence - technological, functional and economical.

PART B: 1) VALUATION OF STRUCTURE OF R.C.C. SLAB WITH 11 FEET HT.

- R.C.C. frame structure with brick masonry wall in cement sand mortar.
- R.C.C. slab with 11 ft. ht.
- Total built up area is 297.00 Sq. ft.
- Vitrified tiles provided as a flooring material.
- This structure was constructed in year 2024 - 25 approximately.

ARCHIT A. BAKARI * CAT-I: SRT/ 21/2022-23 CAT-VII: SRT/ 32/2023-24 * REGISTERED VALUER

ISSUED TO BANK OF BARODA, SURAT.

By considering above all specification, the average depreciated replacement cost of the structure is adopted at ₹. 800/- per sq.ft.
So,

Depreciated replacement value of structure = Area (sq.ft.) X Rate (per sq.ft.)
= 296.98 sq.ft. X ₹. 800/- per sq.ft.
= ₹. 2,37,584/-

Total depreciated replacement value of the structure = ₹. 2,37,584/----------(B)

THEREFORE, TOTAL MARKET VALUE OF RESIDENTIAL LAND WITH ALLIED STRUCTURE WORKS OUT AS ---------- (A) + (B)

1) Value of land	**₹. 12,70,000/-**
2) Depreciated replacement value of the building as on 24-October-2026	**₹. 2,37,584/-**

Total ₹. 15,07,584/-
Say ₹. 15,08,000/-

TOTAL MARKET VALUE OF PROPERTY
= ₹. 15,07,584/- SAY ₹. 15,08,000/-
(IN WORDS: RUPEES FIFTEEN LAKH EIGHT THOUSAND ONLY)

REALISABLE VALUE = ₹. 13,57,000/-

DISTRESS VALUE = ₹. 10,56,000/-

INSURABLE VALUE = ₹. 2,38,000/-

The aforesaid market value is normally realizable in an ideal perfect market scenario. However, when Bank/ Financial institution wishes to recover its money by sale/ auction of property in one go (complete payment at one time), this results in a discounted payment. Further, marketability may also be reduced as the complete consideration has to be in 'Accounted for or White money'. It is common knowledge that a hung parallel economy operates in normal property transactions. Further, the cost may be required to be incurred in advertising and management of the sales process. Hence, the realizable value would be lower than the ideal market value. This property being a residential house shall enjoy medium level of marketability. In our professional opinion the realizable value of this property may be in the region of discount of 10% to 20% over the market value.

PART III- DECLARATION

I hereby declare that:

a) The information furnished in Part-I is true and correct to the best of my knowledge and belief.
b) I have no direct or indirect interest in the property valued.
c) I have personally inspected the property on 23-October-2026.
d) I have not been convicted of any offence & sentenced to a term of imprisonment.
e) I have not been found guilty of misconduct in my personal capacity.
f) I have not verified the legal title of the property.

M.Sc. (Real Estate Valuation)

ASSUMPTION & LIMITING CONDITION

1. No responsibility is to be assumed for matters legal in nature nor is opinion of title rendered by this report, good title is assumed.
2. The valuer by reason of this report is not required to give testimony in court, with reference to the appraised property unless arrangement for such contingency has previously agreed upon.
3. The physical condition of improvements was passed on visual inspection. No liability is assumed for soundness of this structure since no engineering tests were made of the buildings.
4. All Physical Measurement & areas are appropriate in nature. The actual age is based on information made available to us at the time of inspection. The remaining economic life is approximate in nature and is based on our professional judgment.
5. There is no easement affecting the property.
6. The information and documents furnished by the client concerning tenure, tenancies, improvements in the plot and other relevant matters are complete and correct.
7. Possession of the any copy of this report does not carry with it the right of publication, nor may be used for any purpose by anyone, except the addressee and the property owner, without the previous written consent of the appraiser, and in any event, only may be revealed in its entirety.

The report holds true when all assumptions made in this report are correct.

REMARKS

1. This valuation is given on **"AS IS WHERE IS BASIS", "AS IS WHAT IS BASIS"** considering the purpose of this valuation exercise i.e. orderly liquidation purpose.
2. As this valuation report is issued for orderly liquidation purpose, it is assumed that at the time of first sanctioned & disbursement of the loan, all the documents including sanctioned plan were scrutinized properly, so we have not verified any legal document. This valuation report is made on the basis of only above mentioned documents produced before me assuming all the data/ details to be true & correct as subject property is already mortgage with the same bank. Any discrepancy in the same may affect the above stated market value.
3. At the time of inspection, subject property was owner occupied. And, we were not allowed to inspect it from inside. Also, we were unable to measure/ verify the plot area and construction area on site. This valuation report is made on the basis of our visual inspection from outside and documents produced before me.
4. At the time of inspection, it was observed that the condition of the structure of the subject property is average, which requires repairs. The buyer is responsible for the costs associated with maintenance and renovation of the property.
5. The outstanding dues (government taxes or payments/ non-government payments/ electricity bill payment/ maintenance charges, etc.) over and above the bank's charges, if any, have not been assessed in this valuation.
6. The marketability of the subject property is significantly diminished when banks or financial institutions recover funds through sale or auction. This often results in discounted payments due to the stringent and expedited payment terms which includes pure white money transaction.
7. The subject property's marketability within the project is assessed as average. During a site visit, it was observed that occupancy levels are good, however, there are some reported non-performing assets (NPAs) within the project. It is recommended that the financial institution/ Bank exercise due diligence and consider these factors carefully before proceeding with the sale or auction of the property.
8. During the auction of property by financial institutions for the recovery of dues, the realizable value and distress value is often significantly reduced by 20% to 40%. This reduction is attributed to the

ARCHIT A. BAKARI CAT-I: SRT/ 21/2022-23 CAT-VII: SRT/ 32/2023-24 REGISTERED VALUER

nature of a forced sale, emotional factors, required official transaction amounts, and the short payment period stipulated for the transaction.

9. The valuation may get affected in case of no approval/ permission has been received from competent authority. We reserve our right to alter/ amend/ withdraw this valuation opinion in such case.
10. In case of some contradictory information, any erroneous and/or addition/ omission of information w.r.t. land or property identification/ documents/ measurement is provided in future, then this valuation may get affected. We may reserve our right to alter this valuation report in such case.
11. Scope of this report is only to assess fair market value of the property for specific purpose, date & place. It therefore varies with purpose, period, and location, identification of rightful owner of the property, genuineness of the title deed, encumbrance if any on the property etc. be examined by the (financial institution) concerned authority.
12. If this property is offered for collateral security, the concerned financial institution is requested to obtain the latest title report from advocate of said property.
13. This report or part of it shall not be used for any other purpose other than mentioned in this report.
14. We have not arranged any investigation to be carried out to determine whether or not any hazardous material has been used in the construction of the property and we are unable to prepare report in this respect that property is free from risk. In this respect for purpose of this valuation, we have assumed that such investigation would not disclose the presence of such material to any significant extent.

Mihir P. Shah B.E. (Civil), FIV, AMIE — Office No. 87808 92532

Chartered Engineer & Govt. Approved Valuer

(Govt. Regd. VALUER No. SRT/COT/DCIT (HQ) 34AB/05 (15-16) 2018-19)

Total abstract of the entire property

Part- A	Land	Rs.	14,24,780
Part- B	Building	Rs.	4,75,000 (As per Estimate)
Part- C	Extra Items		Nil
Part- D	Amenities		Nil
Part- E	Miscellaneous		Nil
Part- F	Services		Nil
Total		Rs.	18,99,780
Say		Rs.	19,00,000

As a result of my appraisal and analysis it is my considered opinion that

Value	Amount	In Words
Fair Market Value of the Property as on Date (60% Completed)	Rs. 17,09,780	Rupees Seventeen Lakh Nine Thousand Seven Hundred Eighty Only
Fair Market Value of the Property after completion	Rs. 19,00,000	Rupees Nineteen Lakh Only
Realizable Value of the Property after completion	Rs. 18,05,000	Rupees Eighteen Lakh Five Thousand Only
Distress Value of the Property after completion	Rs. 15,20,000	Rupees Fifteen Lakh Twenty Thousand Only
Insurable Value of the Property after completion	Rs. 4,75,000	Rupees Four Lakh SeventyFive Thousand Only

(Valuation: Here the approved valuer should discuss in detail his approach to valuation of property and indicate how the value has been arrived at, supported by necessary calculations. - Market approach for Land and Building are considered for valuation Also, such aspects as i) Salability ii) Likely rental values in future in iii) Any likely income it may generate, may be discussed -refer annexure).

Remarks: 1. The proposed owner has submitted the Construction Work Estimate Sum of Rs. 4,75,000/- and Home Improvement Work Estimate Sum of Rs. 3,80,000/- out of which, I have verified & taken into consideration the Construction Work Estimate Sum of Rs. 4,75,000/- and Home Improvement Work Estimate Sum of Rs. 3,80,000/- which is fair & reasonable as per my professional opinion.

2. Market Value of the Property is including Construction Work Estimate & Home improvement Work Estimate.
